BRIEF ABSTRACT OF LETTER.

Forwards copies of certain pages of the Excise Manual and requests orders to issue the same as official publication, the price of the book (Part I) being one rupee.

NOTES AND ORDERS.

1. The Excise Commr's proposal is to issue the matter printed at present as vol I of the Mysore Excise manual at one rupee a copy.

2. The printed matter was sent to this office in three batches after it was finally printed.

but not in the shape of final proofs as was required by the G.O. of the 21st July 1911. But the publication as ~~was~~ at present printed with the addenda may perhaps be issued. Corrections, if any, may be issued as addenda or corrigenda and these do not appear to be many or of great importance.

3. Two suggestions may perhaps be made in this connection. The price of the book is proposed to be fixed at one Rupee a copy. This may be decided on consultation with the Superintendent of the Govt Press, if it is not already done. The addenda which is proposed to issue as part of the first few pages may be separated from the book and issued separately. Subscribers orders. One copy as proposed to be issued is put up for inspection.

Sir,

In continuation of this Office No.6871, dated the 10th Instant I have the honor to forward herewith, for favor of information a copy of docket No.1307 dated the 12th March 1913 together with a copy of its enclosure received from the Superintendent, Government Press, explain--ing the delay to print the Vol.II of the Mysore Excise Manual. I --- understand that the Forest Manual is not likely to be ready for print for sometime yet. I request therefore that the Superintendent may be asked to put Vol.II of the Excise Manual on hand as it is urgently -- required for the Departmental Officers.

In this connection I have to bring to your notice that B. Achanna Char, Clerk of this Office, has worked at the Manual with great care and zeal out of Office hours and has spared no pains to bring the book upto date. I would therefore recommend that an honorarium to - - - compensate the pains he has taken may kindly be sanctioned. An amount of R.250/- would, I think, be not unreasonable or excessive for the work done.

Letter No. 1218 dated 19th February 1913 from the Superintendent Government Press, Bangalore to the Offg. Secretary to Government - General and Revenue deapartments.

With reference to the conversation, I had with you this morning re to the quantity of type locked up in the Forest Manual proofs - I now have the honor to give you below the details as to other - - works which I have received, but am unable to put in hand owing to want of type.

1. "Rules and Notifications under enactments having the force of Law" : - A portion only of this has been received. What I have, will approximately take about 1,000 lbs. weight of type.

2. Excise Manual Parts I and II. This will approximately take about 1,540 lbs. weight of type.

3. Part III of above will take about 2,500 lbs. weight of type.

4. Museum catalouge : - This will take about 1,200 lbs. - - weight of type.

Roughly these items would require about 6,000 lbs. weight of type, at a total cost of something like Rs. 7500/- by the time the type was received.

The Forest Manual is taking up about 2000 lbs. weight of type. If this cannot be released, there are only three alterna - -tives before the works referred to can be put in hand. Either the type required for some must be purchased, or the work must be given out to private presses a course I do not recommend seeing the great difficulty there is in getting even small works done outside; or thirdly the work in question must wait until the Forest Manual is printed.
